## Code of Behaviour (Reviewed June 2024)

### 1. INTRODUCTION

- 1.1 Parents (who are the primary educators of their children) and a supportive home environment play a crucial role in shaping the attitudes which produce good behaviour in schools. This in turn helps to mature students for adult life by fostering in them self-discipline, self-esteem, respect for others and their property and allegiance to their communities.
- 1.2 It is in the best interests of management, teachers, parents, guardians and students to have an effective and fair behaviour and disciplinary code which will allow everyone to work together in an atmosphere of mutual respect.
- 1.3 The Code of Behaviour in St Kevin's College should be considered in the context of the college being a community in which mutual respect, co-operation and natural justice are valued and nurtured.
- 1.4 This Code of Behaviour is based on the National Educational Welfare Board's 2008 Guidelines, and it reflects the Catholic ethos of our college, in accordance with the Edmund Rice Schools Trust Charter.

### 2. AIMS OF THE CODE

We aim to implement a Code of Behaviour which:

- 2.1 Is fair, reasonable, effective and consistent.
- 2.2 Creates a positive environment where an education is provided to students in a safe and structured setting.
- 2.3 Recognises, rewards and encourages the positive efforts and achievements of students.
- 2.4 Outlines clear sanctions for any behaviour which disrupts the teaching and learning process.
- 2.5 Promotes a caring environment within which high standards of co-operation, behaviour and discipline are fostered and maintained.

### 3. STATEMENT FOR PARENTS/GUARDIANS

- 3.1 To facilitate the implementation of this code, parents/guardians are expected to take a positive interest in all aspects of school life:
  - a) by fully accepting the rules set out in this code.
  - b) by taking an active interest in their child's progress through school, attending parent/teacher meetings, checking study and homework, and keeping in close contact with the college management. It is important that all parent(s)/guardian(s) check the school journal at least weekly in order to see progress and behavior patterns.
- 3.2 The Board of Management and staff within the college:

- a) will ensure that the Code of Behaviour is interpreted and administered in a fair and just manner.
  - b) will ensure that fair procedures for the administration of the behaviour and disciplinary process are available and monitored.
- 3.3 Parents/guardians are required to understand that authority within the classroom rests with the teacher in charge of the classroom.

In establishing the following disciplinary procedures and sanctions, the guidelines of the National Educational Welfare Board's report of May 2008 entitled "Developing a Code of Behaviour - Guidelines for Schools" (May 2008 Guidelines) have been taken into account. However, in the event of a conflict between this Code and those guidelines, this Code will take precedence.

- 13.1 The teacher has primary responsibility for discipline within his or her own classroom. The teacher can give extra work, may detain or may otherwise deal with inadequate work or disruptive behaviour in their classroom.
- 13.2 A teacher may detain a student for up to 15 minutes at the end of the school day without informing the parent/guardian beforehand.
- 13.3 The classroom teacher should handle all day-to-day problems that arise in the classroom.
- 13.4 Each teacher must apply the Code of Behaviour in a fair and just manner.
- 13.5 Sanctions, to be effective, should be known and understood by all. Such sanctions shall normally take the form of detention, extra work or loss of privileges. It also may be necessary to write a note in the journal, on VShare or to make a phone call home to the parent(s)/guardian(s).
- 13.6 If a student is detained, his parents will be informed by means of the school journal, on VShare or by phone and/or text.
- 13.7 When a classroom teacher is faced with persistent misbehaviour, despite intervention, then the matter may be referred to the Form Teacher. The Form Teacher shall take note of the incident.
- 13.8 The Form Teacher will take the appropriate action and in the event of a number of further referrals shall pass the issue on to the Year Head who will then contact the parent/guardian. Should the subject teacher wish to see a parent/guardian it must be done with the knowledge of the Form Teacher/ Year Head.
- 13.9 If there is no improvement in the student's behavior the Year Head will contact the parent/guardian again, and inform them that if the misbehavior continues, the matter will be brought to the Deputy Principal's attention. A record shall be kept of the foregoing.
- 13.10 In the event of the Form Teacher or Year Head being one and the same as the teacher, the Deputy Principal shall act in the place of the Form Teacher/Year Head as the case may be.

- 13.11 For serious disciplinary matters, a student may be sent home after consultation with the parents/guardians via telephone by the principal/deputy principal. The student may be questioned about the case matter by the principal/deputy principal in the absence of a parent/guardian. The principal may request the school secretary to make contact with the parents/guardians regarding the matter.
- 13.12 The parent/guardian will be informed of the disciplinary matter and given the opportunity to come to the school to discuss it with the principal/deputy principal.
- 13.13 The parent/guardian may also make a written submission to the principal/deputy principal in respect of the matter.
- 13.14 The student may also provide the principal/deputy principal with his written account of the matter.
- 13.15 The principal will consider the matter and provide a determination in due course. The matter and the determination of the principal will be recorded and kept on file.

The principal may also consider an immediate suspension where the continued presence of the student concerned would represent a threat to effective teaching and learning taking place in the classroom.

- 16.2 Suspensions applied by the Principal may be appealed to the college Board of Management.
- 16.3 The Board of Management shall consider suspension during a State Examination in circumstances inter alia where there is:

## **17 EXPULSION POLICY**

- 17.1 Expulsion shall be resorted to only in the most extreme cases of misbehaviour and indiscipline, after every effort at intervention has failed and every other appropriate sanction has been exhausted. A student is expelled from the college only when the Board of Management makes a decision to permanently exclude him from the college having complied with the provisions of this policy and the Education (Welfare) Act 2000. The authority to expel a student lies with the Board of Management. The Board of Management shall only expel a student in extreme cases of unacceptable behaviour.

- (f) the student is responsible for serious damage to property which may include college property;
- (g) the student's behaviour is in contravention of the Health and Safety Acts.

The list above is not exhaustive and factors such as the degree of seriousness of the behaviour, the persistence of the student's behaviour and the failure of other forms of reprimand and intervention to effect a change in the student's behaviour may be taken into account in arriving at an opinion.

- 17.3 The Board of Management may also consider that the student's behavior warrants expulsion notwithstanding the fact that this may be a first offence which may amount to a single breach of this Code.
- 17.4 The college shall follow the appropriate procedures in respect of expulsion as prescribed under the Education (Welfare) Act 2000. Where a preliminary assessment of the facts discloses serious misbehaviour that could warrant expulsion the college shall follow the appropriate procedural steps which may include, without limitation, the following:

  - (b) a recommendation to the Board of Management by the Principal;
  - (c) consideration by the Board of Management of the Principal's recommendation and the holding of a hearing;
  - (d) the parent/guardian and the student whose expulsion is being considered shall be given the opportunity to be heard and to present their views either orally or in writing at the hearing or otherwise;
  - (e) having listened to the report presented by the Principal and the representations made by or on behalf of the student, the Board of Management shall consider the matter in the absence of the parent/guardian/student and the principal and shall arrive at a decision in accordance with this code;
  - (f) that decision shall be communicated to the student and his parent/guardian;
  - (g) where the Board of Management forms the opinion that expulsion is warranted, it must allow for a period of twenty school days before reaching a final decision. During this period the college will engage in a statutory facilitation process involving TUSLA, the college and the student/parents/guardians as provided for in section 24 of the Education (Welfare) Act 2000. At the end of this period the Board of Management will reconvene and consider the outcome of these consultations and the opinion to expel.
- 17.5 Following the procedures in respect of expulsion the Principal and Board of Management may at their respective discretions make reference to paragraph 12.4 (pages 83 to 86 inclusive) of the NEWB 2008 Guidelines.
- 17.6 A parent/guardian or a student over the age of 18 years may appeal a decision to expel to the Secretary General of the Department of Education and Science pursuant to Section 29 of the Education Act 1998. Alternatively, an Appeal may also be brought by the National Education Welfare Board on behalf of a student. The parent/guardian/student are referred to the provisions for mediation pursuant to Section 29 of the Education Act 1998.
